

DAILY ASSIGNMENT

ASSIGNMENT 1

Q1 - OUTPUT:

```
Terminal - CS_DAILYASSIGNMENT * Terminal - CourierManagementSystem *
Assignment 1
1. Check if two integers are equal
2. Check if a number is positive or negative
3. Perform arithmetic operations
4. Print multiplication table
5. Sum of two integers or triple if same
Enter your choice (1-5): 1
Input 1st number: 5
Input 2nd number: 5
5 and 5 are equal
```

Q2 - OUTPUT:

```
Terminal - CS_DAILYASSIGNMENT * Terminal - CourierManagementSystem *
Assignment 1
1. Check if two integers are equal
2. Check if a number is positive or negative
3. Perform arithmetic operations
4. Print multiplication table
5. Sum of two integers or triple if same
Enter your choice (1-5): 2
Input a number: 9
9 is a positive number
```

Q3 - OUTPUT:

```
Terminal - CS_DAILYASSIGNMENT * Terminal - CourierManagementSystem *
Assignment 1
1. Check if two integers are equal
2. Check if a number is positive or negative
3. Perform arithmetic operations
4. Print multiplication table
5. Sum of two integers or triple if same
Enter your choice (1-5): 3
Input first number: 5
Input operation (+, -, *, /): *
Input second number: 7
5 * 7 = 35
```

Q4 - OUTPUT:

```
Terminal - CS_DAILYASSIGNMENT * Terminal - CourierManagementSystem *
Assignment 1
1. Check if two integers are equal
2. Check if a number is positive or negative
3. Perform arithmetic operations
4. Print multiplication table
5. Sum of two integers or triple if same
Enter your choice (1-5): 4
Enter the number: 5
5 * 0 = 0
5 * 1 = 5
5 * 2 = 10
5 * 3 = 15
5 * 4 = 20
5 * 5 = 25
5 * 6 = 30
5 * 7 = 35
5 * 8 = 40
5 * 9 = 45
5 * 10 = 50
```

Q5 - OUTPUT:

```
Terminal - CS_DAILYASSIGNMENT * Terminal - CourierManagementSystem *
Assignment 1
1. Check if two integers are equal
2. Check if a number is positive or negative
3. Perform arithmetic operations
4. Print multiplication table
5. Sum of two integers or triple if same
Enter your choice (1-5): 5
Input 1st number: 6
Input 2nd number: 6
Values are equal. Triple of sum: 36
```
